

Holding Short For Runway Safety

Runway Safety and Surface Safety affects all operators on the airfield. The Runway Safety Action Team (RSAT) is established to address existing runway safety problems and identify potential runway safety issues. During this meeting you will learn about surface issues and Air Traffic Control (ATC) procedures at ROA. Participate in a review of runway safety issues and best practices to help you avoid a runway incursion or pilot deviation. Don't miss this opportunity to learn and share your runway safety concerns and best practices. Register today to reserve your seat!

Directions: From I-81 take Exit 143 for I-581. Follow signs for airport. Take exit for Hershberger Road NW, Route 101 and follow signs for airport.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area

Sign up for the FAA's safety services at www.FAASafety.gov!
